## **SECTION M - EVALUATION FACTORS**

### **M.1 EVALUATION FOR AWARD**

The contract will be awarded to the responsible offeror whose offer is most advantageous to the District, based upon the evaluation criteria specified below. Thus, while the points in the evaluation criteria indicate their relative importance, the total scores will not necessarily be determinative of the award. Rather, the total scores will guide the District in making an intelligent award decision based upon the evaluation criteria.

## **M.2 TECHNICAL RATING**

**M.2.1** The Technical Rating Scale is as follows:

<b>Numeric Rating</b>	<b>Adjective</b>	<b>Description</b>
0	Unacceptable	Fails to meet minimum requirements; e.g., no demonstrated capacity, major deficiencies which are not correctable; offeror did not address the factor.
1	Poor	Marginally meets minimum requirements; major deficiencies which may be correctable.
2	Minimally Acceptable	Marginally meets minimum requirements; minor deficiencies which may be correctable.
3	Acceptable	Meets requirements; no deficiencies.
4	Good	Meets requirements and exceeds some requirements; no deficiencies.
5	Excellent	Exceeds most, if not all requirements; no deficiencies.

**M.2.2** The technical rating is a weighting mechanism that will be applied to the point value for each evaluation factor to determine the offeror's score for each factor. The offeror's total technical score will be determined by adding the offeror's score in each evaluation factor. For example, if an evaluation factor has a point value range of zero (0) to forty (40) points, using the Technical Rating Scale above, if the District evaluates the offeror's response as "Good," then the score for that evaluation factor is 4/5 of 40 or 32.

If subfactors are applied, the offeror's total technical score will be determined by adding the offeror's score for each subfactor. For example, if an evaluation factor has a point value range of zero (0) to forty (40) points, with two subfactors of twenty (20) points each, using the Technical Rating Scale above, if the District evaluates the offeror's response as "Good" for the first subfactor and "Poor" for the second subfactor, then the total score for that evaluation factor is 4/5 of 20 or 16 for the first subfactor plus 1/5 of 20 or 4 for the second subfactor, for a total of 20 for the entire factor.

## **M.3 EVALUATION CRITERIA**

Proposals will be evaluated based on the following evaluation factors in the manner described below:

### **M.3.1 TECHNICAL CRITERIA (75 Points Maximum)**

#### **M.3.1.1**Cover Design & Internal Page Examples – 35

This factor will evaluate the design quality of past report covers and internal pages designed by the Offeror. The Offeror shall submit three (3) past multi-page publications where the Offeror was the lead designer. The Offeror should try to include a variety of designs for a variety of clients.

**M.3.1.2 Infographic Design Examples – 25**

This factor will evaluate the design quality of infographics from past reports designed by the Offeror. The Offeror shall submit three (3) examples of infographics (data presented in a visual format) from past multi-page publications where the Offeror was the lead designer. The Offeror should try to include a variety of designs for a variety of clients.

**M.3.1.3 Process Description – 15**

This factor will evaluate the framework and technical approach the Offeror plans to follow to achieve a fully designed report. The Offeror should describe how they will go about completing the project, including their design process and how they plan on establishing internal deadlines and decision points. The Offeror can identify proposed individuals on their team and provide resumes that clearly demonstrate the professional credentials and experience needed to design a dynamic report that furthers OAG's goal of informing and educating District residents.

**M.3.2 PRICE CRITERION (25 Points Maximum)**

The price evaluation will be objective. The offeror with the lowest price will receive the maximum price points. All other proposals will receive a proportionately lower total score. Please note that bids should include two line items for the two different total page options requested in C.5.3. Once a decision about total pages is determined, the appropriate line item from the bid will be used as part of the overall price evaluation. The following formula will be used to determine each offeror's evaluated price score:

$$\frac{\text{Lowest price proposal}}{\text{Price of proposal being evaluated}} \times \text{weight} = \text{Evaluated price score}$$

**M.3.3 PREFERENCE POINTS AWARDED PURSUANT TO SECTION M.5.2 (12 Points Maximum)**

**M.3.4 TOTAL POINTS (100 Points Maximum)**

Total points shall be the cumulative total of the offeror's technical criteria points, price criterion points and preference points, if any.

**M.4 EVALUATION OF OPTION YEARS**

The District will evaluate offers for award purposes by evaluating the total price for all options as well as the base year. Evaluation of options shall not obligate the District to exercise them. The total District's requirements may change during the option years. Quantities to be awarded will be determined at the time each option is exercised.
